

## LESSON PLAN

**Class:** 11th grade in Technical high school (management, law, economy)

**Objective:** Students discover the values of the European Union. What does the European Union bring to the students and do they share the founding values of the EU?

### 1. Brainstorming

What are the important values of the EU?

### 2. Game

a. Play the 12 differences game to discover what the EU values are.

Link: <https://www.the12differences.eu/en/game/2>

b. Write down and remember the values

### 3. Production

a. Comment on this image in groups

Show how the EU motto "United in diversity" illustrates the notion of empathy and its central place among the values of Europe.

Your mission is to create a short video around this motto.

b. Share it to the class

### 4. Follow up work

a. At home, you also illustrate the motto United in Diversity with a visual illustration

b. Share it to the class
